To whom it may concern:

Re: Reference letter for Mr. Albert Fosso

Mr. Albert Fosso worked with Food and Agriculture Organisation of the United Nations (FAO) in Namibia from August 2005 as a Horticulture Project coordinator. In 2006/07 he was involved in the Resettlement programme under the memorandum of understanding (MoU) between the FAO (Namibia) and the Namibia Nature Foundation (NNF) to train the resettlement beneficiaries in vegetable gardening.

One of the challenges in this programme was to provide food security to the disadvantaged Namibians which he demonstrated excellent ability to integrate with multidisciplinary team working on the programme and adapt well to difficult working environments. His commitment and dedication to the job enabled the community to learn fast with good results in a very short period of time.

I am confident that Mr. Fosso would perform very well in any future assignments and wish him all the best in his endeavours.

Sincerely

.....
Dr. Chris Brown
Executive Director
